## TRAINING ON THE COURSE

Qualifying Races will be taking place between 14:00 and 20:30. To ensure that there is no interference with competing crews, the Course will be closed for training from 13:00.

All crews having training outings, **whether they are involved in the Qualifying Races or not**, are required to be off the water and out of the area in front of the Boat Tent **by 13:00**.

Crews competing in the first event in the Qualifying Races may boat from 13:15 onwards.

Any crew wishing to boat earlier for its Qualifying Race must stay on the water and not return to the boat rafts until it has competed in its Qualifying Race.
